

CLENT EBANKS

Bilingual Interpreter | Web Developer | Technology Content Creator

Siguatpeque, Comayagua, Honduras | 9852-0210 | clentebanks0@gmail.com

PROFESSIONAL PROFILE

English-Spanish bilingual professional with current experience in remote over-the-phone interpretation, IT support, web development, technology content creation, and customer service. Skilled in service and support calls, clear communication between clients, agents, and end users, confidentiality, quality metrics, and internal procedures. Practical knowledge of HTML, CSS, JavaScript, WordPress, Shopify, ASP.NET MVC, Windows 10/11, basic CMD/PowerShell, PC optimization, digital resources, and YouTube Shorts content strategy. Military and administrative background with strengths in leadership, discipline, organization, operations, and inventory control.

CORE SKILLS

Interpretation	English-Spanish consecutive interpretation, service/support terminology, confidentiality, neutrality, and accuracy.
Web Development	HTML, CSS, JavaScript, ASP.NET MVC, WordPress, Shopify, web layout, and site administration.
Windows / IT Support	Windows 10/11, Microsoft Office, basic CMD/PowerShell, troubleshooting, security, and PC optimization.
Digital Content	YouTube Shorts, scripting, downloadable resources, landing pages, digital branding, and email marketing.
Languages	Spanish: native; English: advanced.

PROFESSIONAL EXPERIENCE

Bilingual Over-the-Phone Interpreter | Interactive Solutions / Interactive Contact Center | Oct. 17, 2022 - Present

- Provide English-Spanish consecutive interpretation for service, support, and specialized phone calls.
- Ensure accurate communication between clients, agents, and end users while maintaining neutrality and confidentiality.
- Handle medical, customer service, and operational support calls in sensitive, high-pressure scenarios.
- Work remotely while meeting schedule requirements, quality metrics, internal protocols, and communication standards.

Technology Content Creator / Founder | WinHacks - Windows Tips and Optimization | 2026 - Present

- Create educational content about Windows 10/11, PC optimization, safe CMD/PowerShell usage, security, and productivity.
- Produce YouTube Shorts with a focus on retention, technical scripting, fast-paced editing, visual resources, and brand positioning.
- Develop the WinHacks ecosystem: website, downloadable resources, lead-capture forms, SEO pages, and community strategy.
- Plan WinHacks Academy, digital resources, and educational products focused on hidden Windows tools and maintenance.

IT Assistant | Jul. 2018 - Apr. 2022

- Built and maintained web page layouts and supported website updates.
- Created and administered a Shopify online store.
- Supported mass email marketing campaigns and digital operations.

Sales / Store Owner | Jun. 2017 - Jul. 2018

- Managed customer service, sales, inventory, and store operations for groceries, school supplies, printing, and copy services.

Infantry Second Lieutenant | Honduran Army | Jan. 2006 - Feb. 2016

- Served as rifle company and rifle platoon commander; led personnel and enforced operational procedures.
- Assisted training operations at a military training center.
- Handled security assignments and coordinated operational tasks.

LACTHOSA Siguatpeque | Jun. 2001 - Dec. 2001

- Managed cold room operations, inventory, and route truck dispatching.

Tornillos y Accesorios Valenzuela | Jan. 2001 - Jun. 2001

- Handled cashier duties, customer service, and inventory tasks.

CURRENT AND FEATURED PROJECTS

WinHacks - Technology Channel and Brand: Educational content about Windows 10/11, technical tips, optimization, security, CMD/PowerShell, and productivity.

WinHacks Website: Development of pages, free resources, Netlify forms, thank-you pages, technical SEO, and content structure.

WinHacks Academy: Education project in development for digital courses about Windows, administrative tools, maintenance, security, and optimization.

Digital Resources / Gumroad: Lead magnets and downloadable resources, including shortcut guides, Windows secrets, and optimization checklists.
